NOTIFICATION FOR INVITING THE RESEARCH PROJECT PROPOSALS ON VEDA - SCIENCE UNDER CVSR

It is a widely acknowledged fact that the Vedas and Vedic texts are the sources for many kind of human knowledge. There are many scientific facts which are useful to the mankind that are hidden in Vedic literature. Discovering the Vedic sources for many scientific theories and innovations of today and bringing them out in a meaningful format will boost up further research in both the Vedic and Scientific fields and will result in great benefit of the present and the future generations of the mankind. Modern Scientists and traditional Vedic scholars have a major role to play in this endeavour.

The **S.V.Vedic University, Tirupati (A.P)**, a unique university of its kind and the only one in the entire country fully devoted to Vedic studies has been established in the year 2006 with the promulgation of a State Act of Andhra Pradesh, with the following major objectives:

- To conduct research and propagate the relevance of knowledge system and the wisdom contained in the Vedic Literature for meeting the challenges of life in the technology driven contemporary society.
- To bring out the profoundness of the rational approach and the scientific temper, presented in the Vedas in the context of pursuit of knowledge and realization of higher levels of consciousness.
- To consolidate, revive and promote the Vedic learning and Sanskrit study so as to integrate the scientific thought contained in the Vedas particularly in the disciplines of mathematics, astronomy, agriculture, meteorology, chemistry, metallurgy, yoga, humanities, social sciences and management with the modern scientific and technological studies, so that through integration of Vedic and Scientific concepts advancement of scientific knowledge can be facilitated.
- To bring out awareness about the authentic interpretation of the Vedas in India and abroad, facilitation proper understanding of richness of the rational approach to life and scientific temper presented in the Vedic knowledge system.

In furtherance to realization of a few of its objectives, the S.V. Vedic University has taken an initiative and launched a programme through its '**Centre for Veda - Science Research**', inviting research proposals from various institutions interested in aspects of harmonizing Vedas and Science. The Research Proposals shall be submitted to Registrar of the university by post or through E-mail (**cvrsrvvu@gmail.com**) so as to reach on or before 13-10-2018.

The Application Form and the guidelines for sanctioning the Research Project on Veda-Science are submitted along with this notification. The Principal Investigators shall go through the detailed guidelines and to fill the Application form to submit along with the necessary documents to CVSR, S.V.Vedic University.
